

# DRESS UP AS SPID

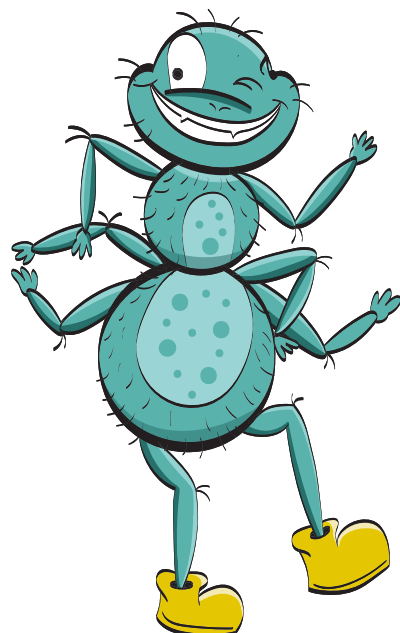

---

## MATERIALS YOU WILL NEED:

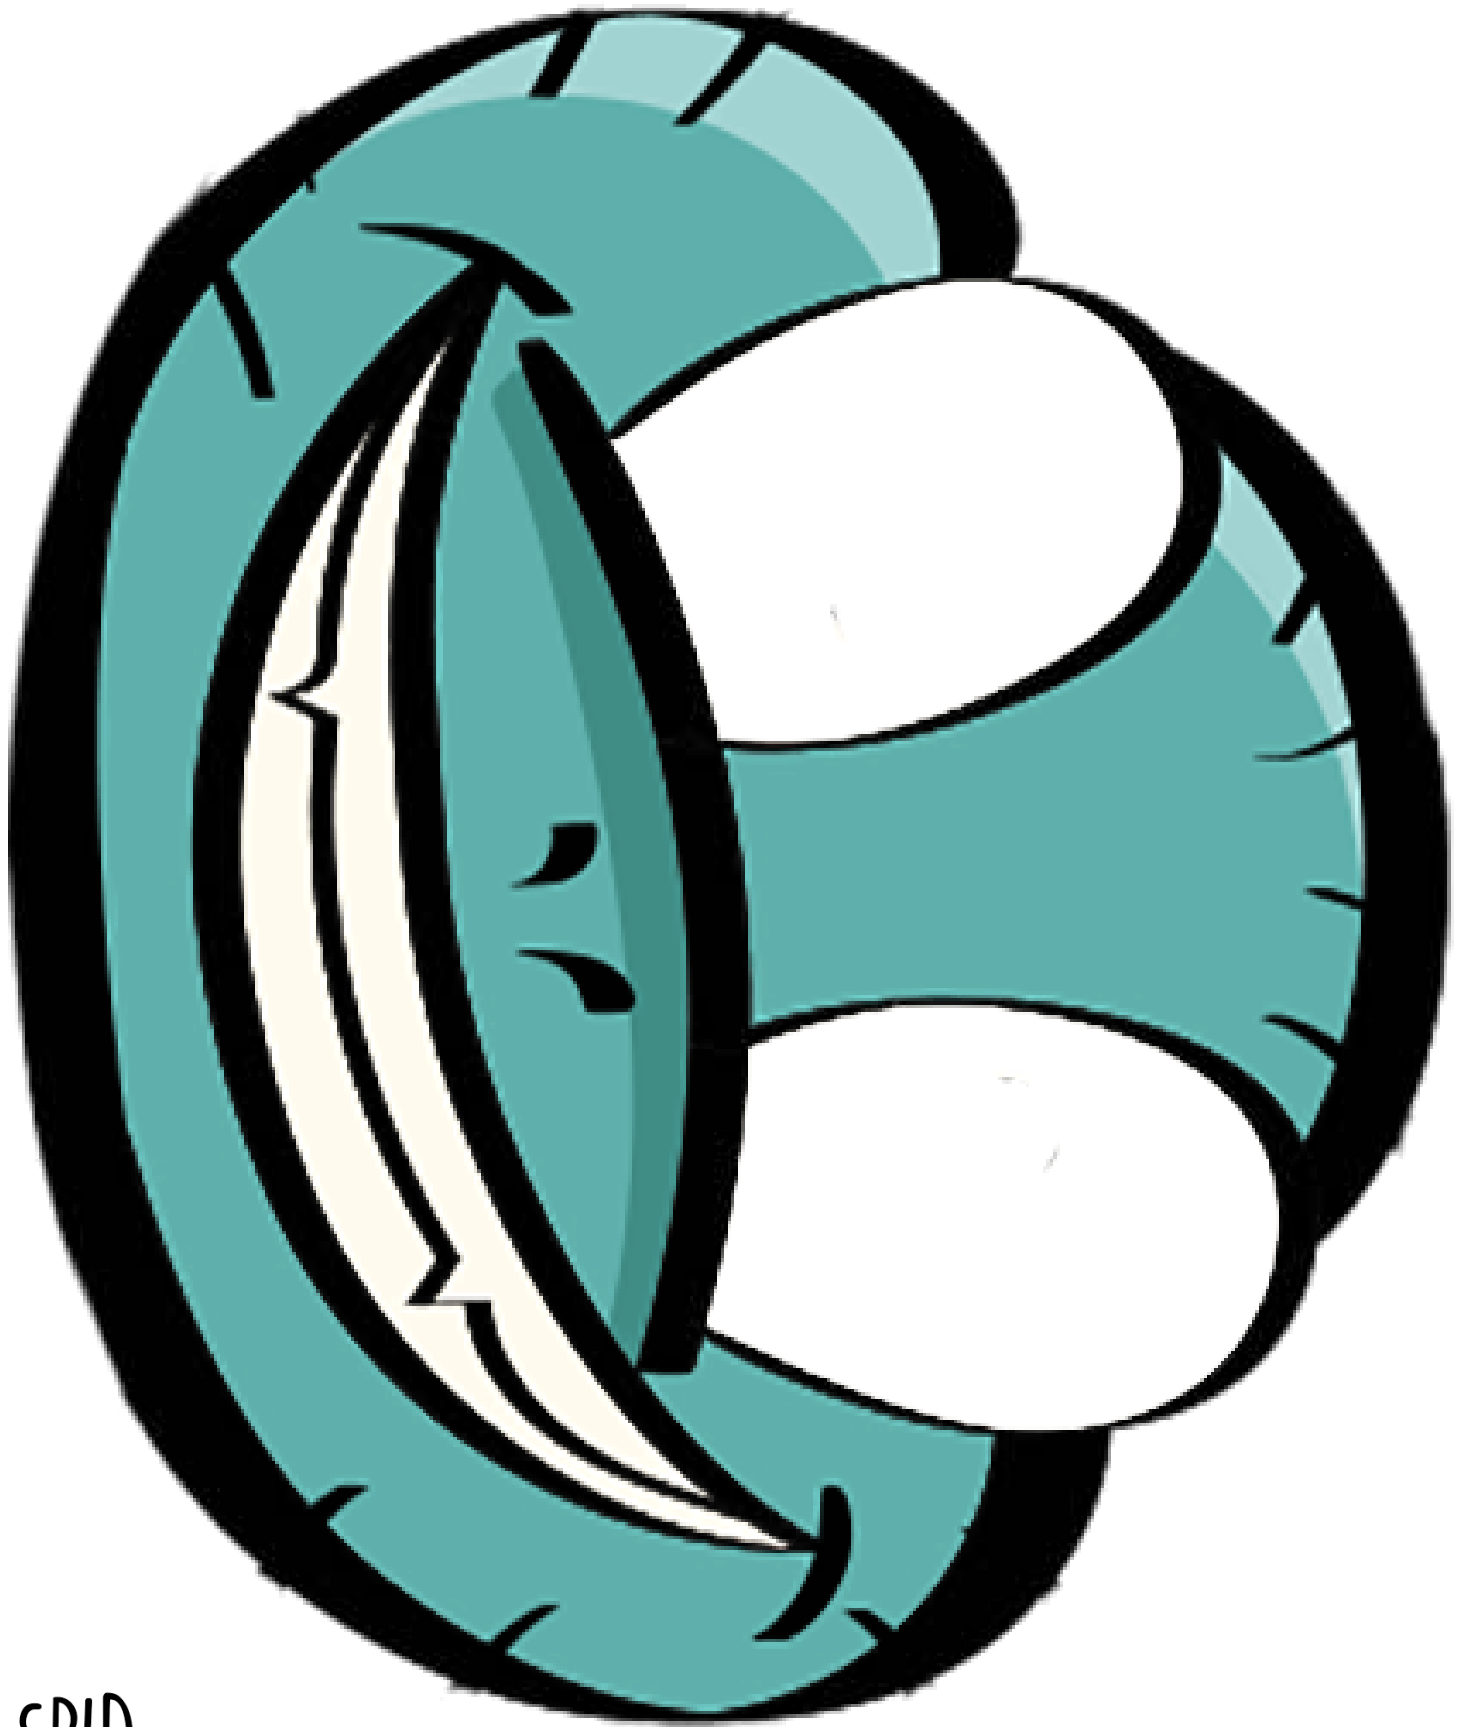

Spid mask printed on card  
Turquoise modelling balloons x 4  
Elastic  
Scissors  
4 safety pins  
Yellow wellies  
Turquoise tights or leggings  
Turquoise top/tshirt

## STEP BY STEP GUIDE TO MAKE YOUR SPID DRESS UP

1. Print your Spid mask on light card, then cut out small holes for your eyes!
2. Attach elastic to the sides by making a small hole, pushing the elastic through on one side and secure with a knot. Cut the elastic to the correct size to fit and attach to the other end.
3. Blow up your modelling balloons and be sure they are all the same length.
4. Put on your turquoise top and tights.
5. Attach the balloons to your clothes with safety pins. On the left side of your body, affix the first balloon between your arm and waist. Then affix the second balloon to your waist. Then repeat for the right hand side of your body. You could also add a small piece of sticky tape to the end of the balloon too to reduce the risk of tearing or popping when you walk around!
6. Finally, put on your yellow wellington boots and mask to complete the look!

# SPID MASK

# DRESS UP AS BID

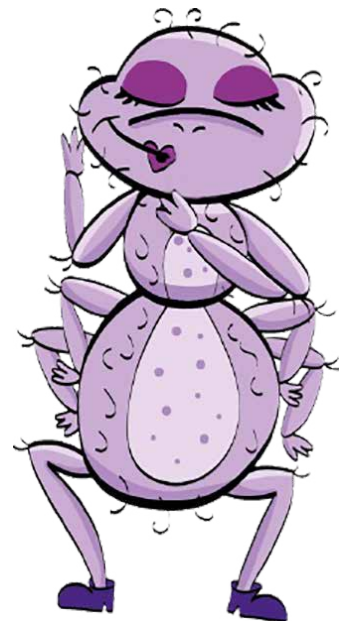

---

## MATERIALS YOU WILL NEED:

Bid mask printed on card  
Purple modelling balloons x 4
