

# SPID'S CRICKET FIELDING POSITIONS CHALLENGE

## WHAT YOU NEED TO PLAY SPID'S CRICKET FIELDING CHALLENGE

- First, download, print and cut out the names of the cricket fielding positions ( next page)
- Also download and print the map of the cricket wicket and ground. This indicates where the batsman and bowler stand (page 3)

## SPID'S CRICKET FIELDING CHALLENGE AIMS

- In this game, your job is to help Spid set the field, **by matching the name of the position to the correct place on the field.**
- It is a bit like the game - pinning the tail on a donkey!
- Get them right and you'll become a **Cricket Fielding Champion!** 

## HOW TO PLAY

- First, look at the cricket field map noting where the batsman and bowler stand
- **NOTE:** the on and off sides change depending on whether the batsman or woman is right or left-handed batsman. the on side, is in front of the body, and the off side the leg-side. For a left-hander, the off side is the left-hand side. Let's assume the batsman (woman) is left-handed!
- Then simply place the position name to where you think it belongs
- For a large group or more interactive game, divide your group or class into two sides of the room, and allow each side of the room to take turns to place the fielding position where it belongs?
- Try to complete the whole field!
- Whoever gets the most positions correct wins!
- The answers appear on the last page of this download

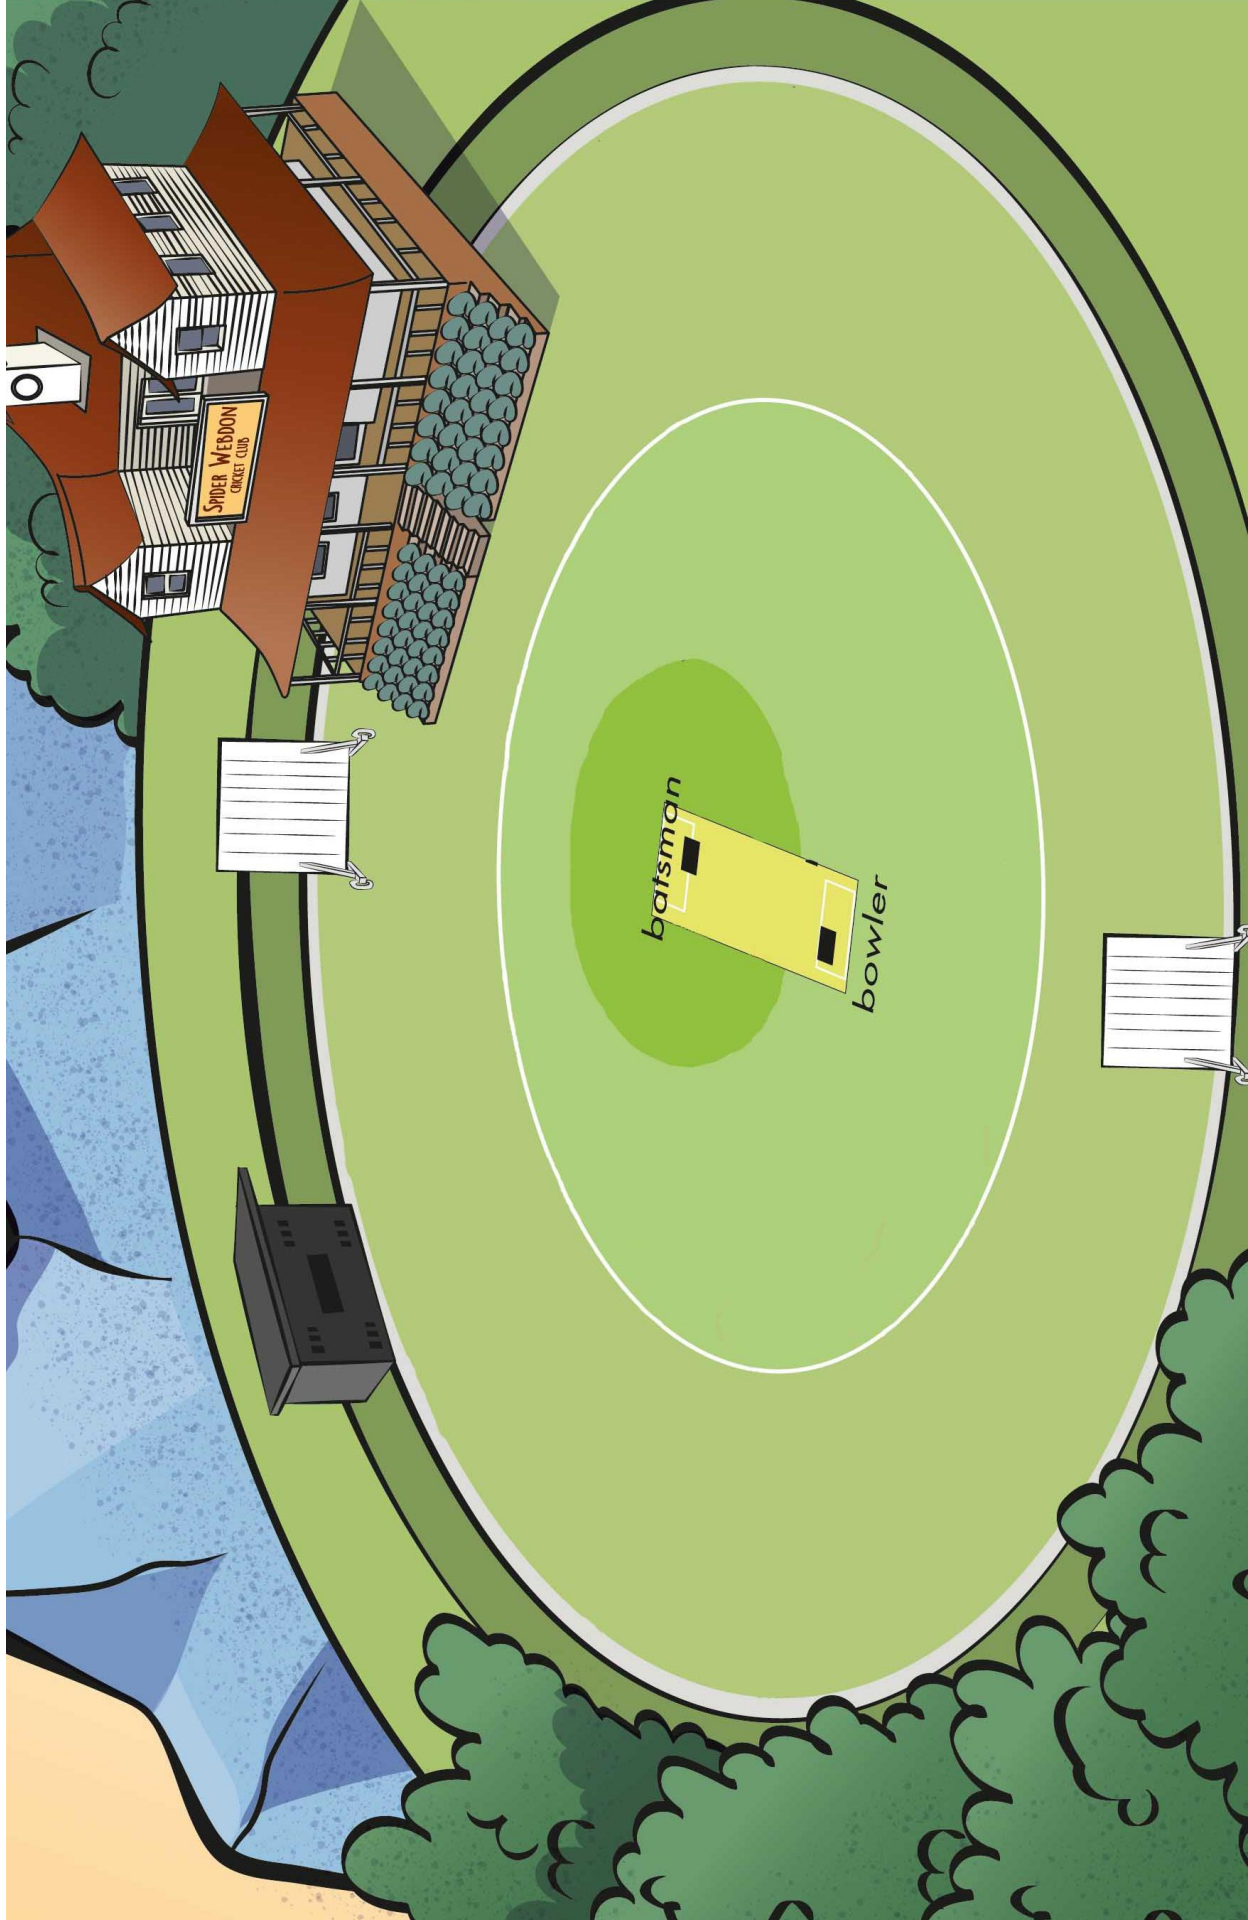

## SCORING

- Whoever gets the most positions correct wins!
